

CONSTANZA FIERRO

◆ SOFTWARE ENGINEERING STUDENT ◆

cfierro@dcc.uchile.cl

users.dcc.uchile.cl/~cfierro

+33 782 560 821

EDUCATION

- 2013 - 2018 **Bachelor in Engineering Science, Major in Computing**
University of Chile
Outstanding student, according to a university list.
- 2015 - 2017 **Master in General Engineering**
Ecole Centrale Marseille
Exchange program, double degree
- 1998 - 2012 **Secondary School**
Colegio Institución Teresiana
Position according notes 2/90

PROFILE

My goal is studying software engineering to develop new applications, programs or web pages, making it accesible and useful for all users.

HOBBIES

- Sports, handball, football and jogging
- Books, historic and romantic novels
- Cooking

WORK AND EXPERIENCE

Robotics

- **Robotics club.** In charge of the artificial intelligence team
- **Competition,** 2nd place in "Mine challenge" using lego NXT robots

Web Development

- **Webmaster Junior Enterprise,** in charge of the update and maintenance
- **Portfolio,** page with responsive and beautiful design
- **Hackaton** (Santiago 2015), development of a site in 24h, I worked in the fron-end

Competitive Programming

- **Ascenci Dev Cup** (Paris, 2015), 11th place among more than 450 programers, we had to solved data structure and algorithm problems
- **Contests** in my free time to keep learning and practicing

Android Development

- Currently making an online course and developing an app

Student Center

- Currently member, parties and events organization

PROGRAMMING

- Java 
- C 
- HTML / CSS 
- JavaScript 
- Python 
- Matlab 

OTHER SKILLS

- PostgreSQL 
- Eclipse 
- JUnit 
- UML 
- Windows (desktop)
- Unix (desktop and server)

LANGUAGES

- English 
- French 
- Spanish
